### NOTABLE VITAMINS & MINERALS

- **Cured olives:** a good source of vitamin E and monounsaturated fat, plus a modest amount of iron.
- **Orange zest:** concentrated vitamin C and citrus flavonoids, even in the small amount used here.
- **Fresh thyme:** contributes vitamin A and manganese, along with trace amounts of iron.
- **Whole wheat flour:** brings B vitamins and magnesium that the bread flour alone wouldn't supply.

Fermentation is associated with easier digestibility for some people, though this varies by individual and isn't a guaranteed effect.
