NOTABLE VITAMINS & MINERALS

- **Kalamata olives:** vitamin E and heart-healthy monounsaturated fat (mostly oleic acid), plus a small iron contribution.
- **Aged Gouda:** calcium, vitamin B12, and phosphorus — cheese is a genuinely dense source of all three, even in cube-sized portions.
- **Whole wheat flour:** B vitamins and a touch of manganese, though at only 10% of the flour blend its contribution here is modest.

This loaf runs noticeably saltier and richer than a typical sourdough, between the brined olives and the cheese — a satisfying trait for a savory table loaf, but worth knowing if you're tracking sodium closely.
