NOTABLE VITAMINS & MINERALS

- **Whole wheat flour:** B vitamins and manganese, plus most of this loaf's modest fiber contribution — even at just 10% of the flour blend, it does real work here.
- **Bread flour:** most commercial bread flour sold in the US is enriched with iron, thiamin, riboflavin, niacin, and folic acid, so this loaf carries a baseline of those even without any specialty grains involved.

This is a genuinely plain loaf, nutritionally speaking — no seeds, cheese, or olives padding things out. That's the point of it.

Estimated, USDA-derived figures — not a lab-verified nutrition label. Baked fresh, no preservatives.
